## BRIDGE COURSE

Course Coordinator: Dr. B. A. Shingade

ACADEMIC YEAR	PLAN	EXECUTION REPORT	ANALYSIS	ACTION TAKEN
2022-23	<p>Notice regarding the activity circulated among faculty on 21/09/2022.</p> <p>The nature of the activity was discussed with teachers in staff meeting in the previous sessions. It was expected that student should benefit academically.</p> <p>Students admitted in first year program are expected to understand the aspects of the subject. Hence a recap is necessary so as to bridge the gap between what is to be known and what is to be learnt.</p>	<p>21 teachers conducted 122 classes in this course.</p> <p>Average no of classes per teacher: 06.</p> <p>Average attendance of students has been to the tune of 50 to 60 % because admissions to first year were still on.</p> <p>Total number of beneficiaries has been 1222; the no includes total attendance, averaged over 5 days, of all subjects.</p>	<p>Students benefitted from language classes. This was due to their poor language skills.</p> <p>Almost all classes revealed the fact that majority of students were having poor understanding of basic subject principles. Hence, organizing Bridge Courses in every subject was found to be a fruitful activity.</p> <p>Every teacher conducted these classes based on a given modular curriculum.</p>	<p>It has been decided to strengthen bridge courses with the help of ICT enabled methods during 2023-24. The institution is on the verge of institutionalizing the activity of bridge courses.</p>
2019-20	<p>Notice regarding the activity circulated among faculty on 19/07/2019.</p> <p>The nature of the activity was discussed with teachers in staff meeting in the previous sessions. It was expected that student should benefit academically.</p> <p>Students admitted in first year program are expected to understand the aspects of the subject. Hence a recap is necessary so as to bridge the gap between what is to be known and what is to be learnt.</p>	<p>21 teachers conducted 126 classes in this course.</p> <p>Average no of classes per teacher: 06.</p> <p>Average attendance of students has been to the tune of 50 to 60 % because admissions to first year were still on.</p> <p>Total number of beneficiaries has been 1310; the no includes total attendance, averaged over 5 days, of all subjects.</p>	<p>Students benefitted from language classes. This was due to their poor language skills.</p> <p>Almost all classes revealed the fact that majority of students were having poor understanding of basic subject principles. Hence, organizing Bridge Courses in every subject was found to be a fruitful activity.</p> <p>Every teacher conducted these classes based on a given modular curriculum.</p>	<p>It was decided that a feedback shall be taken from the beneficiaries on their experience of the course from next session, i.e. 2020-21.</p>

2018-19	<p>Notice regarding the activity circulated among faculty on 17/07/2018.</p> <p>The nature of the activity was discussed with teachers in staff meeting in the previous sessions. It was expected that student should benefit academically.</p> <p>Students admitted in first year program are expected to understand the aspects of the subject. Hence a recap is necessary so as to bridge the gap between what is to be known and what is to be learnt.</p>	<p>24 teachers conducted 141 classes in this course.</p> <p>Average no of period per teacher 06.</p> <p>Average attendance of students has been to the tune of 50 to 60 % because admissions to first year were still on.</p> <p>Total number of beneficiaries has been 1414; the no includes total attendance, averaged over 5 days, of all subjects.</p>	<p>Students benefitted from language classes. This was due to their poor language skills.</p> <p>Almost all classes revealed the fact that majority of students were having poor understanding of basic subject principles. Hence, organizing Bridge Courses in every subject was found to be a fruitful activity.</p>	<p>It was decided that a feedback shall be taken from the beneficiaries on their experience of the course.</p>
